

# Merry Christmas

**Dear customers,**

Gradually the year of 2024 comes to an end and it seems, that sentiments of uncertainty and resignation spread throughout our economy. A sense of powerlessness of a whole nation arises through numerous new regulatory requirements and the effects of geopolitical developments.

And then Christmas is coming along again:

A festivity with all its glittering and sparkling facets. In our childhood it brought joyful anticipation, tension and above all the sentiment of home and of being sheltered to us.

A festivity where each moment had been a special one.

In our adult life, these special moments of magic have often vanished. Stress and hectic, combined with worries in view of our future shape this time.

All the more we wish you and your families, your employees as well as your colleagues a very special time, just like the Christmas story shows us: a time of mutual help and support, a safe haven to breath deeply combined with the joyful anticipation and tension for the new year to come.

Let us be grateful for what we have and let us look forward to the new year 2025 with optimism - powerful and energized.

In the year of our 95th anniversary we would like to pass on our sincere gratitude for your confidence and your loyalty and we are looking forward to a continued good, confident and successful cooperation in a more peaceful world!

We wish you a Merry Christmas and all the best for the New Year 2025!
